Beauty and the Beast is one of the most popular classic tales ever written. A beautiful young woman dreams of meeting a handsome prince, but to save her father's life, she leaves home to live with a terrible, frightening beast. Though her patron is hideous, his disarming generosity slowly leads to a surprising connection. Generations of children have been fascinated by the story of the girl named Beauty, who grows to love a fearsome beast by learning to see and cherish his kindness, generosity, and intelligence.

A quarter-century on from the animated classic, Disney brings the lovely fantasy tale to life in live-action, with a widened mythology and an all-star cast. Directed by Oscar-winner Bill Condon, starring Emma Watson as Belle and Dan Stevens as the cursed Beast.
