BISAC: JUVENILE FICTION / Family - General

Toño Malpica • Manuel Monroy

In this world, there are many fathers. But in this story, there is only one: the father of Lorenza, a whirlwind of a little girl who doesn't like to wear shoes and loves to eat toothpaste. Keeping up with her isn't easy and can sometimes be exhausting, but at the end of the day, those everyday experiences, with their smiles and tears, are what make life lively.
